putting safety first on the 31st

Any Halloween trick-or-treating should take place on the actual holiday, Oct. 31, no matter the day of the week.

Tips for Safety and Courtesy on Halloween

- Trick-or-treating should be for kids under 13 who are accompanied by an older, responsible protector. If teenagers take part, they should not wear masks.
- Costumes should have reflective material that motorists can see easily. Masks ought not to obstruct vision.
- Homeowners not participating are advised to leave porch lights off. Trick-or-treaters need to bypass those homes.
- Trick-or-treating should wrap up by around 9 p.m.

Inspect candy for signs of tampering and report any concerns to Holly Springs police.

Be storm water wise with leaf collection. Place leaves at the edge of your yard and not in the street for pickup. Keep them away from storm drains, ditches and streams.

Leaves and other debris can block drainage ways and cause roads to flood. When using a leaf blower, please take care not to blow leaves and debris into the storm drain.

A green alternative is to compost yard waste and leaves. This will allow the waste to break down naturally, and provide you with an excellent source of landscaping material for natural areas and flower beds.

For more information about the Town's Illicit Discharge Ordinance, contact the Stormwater Hotline at (919) 567-4011 or e-mail stormwater@hollyspringsnc.us.
