

Table of Contents

Chapter 1 - Introduction and Planning Process

Planning Process.....2
 Public Outreach.....2
 Previous and Ongoing Planning Efforts.....8
 Vision and Goals9
 Holly Springs CTP12

Chapter 2 - Social & Environmental Resources

Figure 2.1 - Study Area2
 Planning Implications3
 Environmental Stewardship.....3
 Environmental Justice.....3
 Environmental and Social Impacts.....4
 Natural Resources.....4
 Cultural Resources.....5
 Minority, Hispanic, and Low Income Populations5
Table 2.1 - Minority, Hispanic, and Low Income Group Comparison.....5
Figure 2.2 - Community Services and Natural Resources.....6
Table 2.2 - Population Change, 2000 to 20097
Figure 2.3 - Percent Minority.....9
Figure 2.4 - Percent Hispanic10
Figure 2.5 - Percent Low Income.....11
 Related Planning Efforts12
 Vision Holly Springs12
 Development Patterns12
 Shearon Harris Reservoir13
 Conclusion.....13

Chapter 3 – Roadway Element

- Existing Conditions.....1
 - Functional Classification2
 - Corridor Operations.....3
 - Traffic Safety and Crash History.....6
- Table 3.1 – NCDOT Crash Data.....6*
- Figure 3.2 – 2035 Existing + Committed V/C7*
- Public Perception.....8
- Complete Streets.....9
 - Guiding Principles10
 - Caveats10
 - Elements of Complete Streets11
- Table 3.2 – Realms of a Complete Street 11*
- Roadway Recommendations.....12
 - Recommendations Development Process12
 - Thoroughfares.....13
- Figure 3.3 –Roadway Recommendations 14*
- Figure 3.4 – Roadway Laneages.....17*
- Table 3.3 – Roadway Widening Cost Estimates 19*
- Table 3.4 – New Location Roadway Cost Estimates.....20*
- Access Management.....21
- Table 3.5 – Benefits of Corridor Access Management.....22*
- Figure 3.5 – NC 55 Bypass Preferred Access Plan.....26*
- Collector Streets.....27
- Table 3.6 – Collector Street Spacing Standards.....28*
- Future Travel Conditions29
- Figure 3.6 – 2035 CTP Projects V/C..... 30*
- Collector Cross Sections..... 31-36
- Intersections and Interchanges.....37
- Figure 3.7 – Intersection Recommendations38*
- Figure 3.8 – Northwest Gateway Map 2 Diverging Diamond Interchange..... 39*
- Conclusion.....41

FHWA Classification Table42

Chapter 4 – Bicycle and Pedestrian Element

Bicycle and Pedestrian Framework.....1
 Five E’s of Bicycle & Pedestrian Planning1
 Types of Users2
 Types of Facilities3
Planning Context.....4
 Public Perception.....4
 Previous Planning Efforts7
Pedestrian Plan7
 Existing Conditions.....7
Figure 4.1 – Existing Pedestrian Facilities8
 Recommendations9
Figure 4.2 – Pedestrian Recommendations.....10
Figure 4.2B – Pedestrian Companion Map.....11
Bicycle Plan13
 Existing Conditions.....13
 Recommendations13
Figure 4.3 – Bicycle Recommendations14
Conclusion.....15

Chapter 5 – Transit Element

Transit Framework..... 1
 Transit Users1
 Transit and Urban Form2
 Transit Technologies.....3
Planning Context.....4
 Existing Service.....4
 Public Perception.....6
 Previous Planning Efforts9
Guiding Principles and Recommendations11
 Transit Guiding Principles11

Recommendations12

Conclusion.....16

Figure 5.1 – Centers and Corridors 16

Figure 5.2 – Transit Recommendations..... 17

Chapter 6 – Funding and Implementation

Introduction1

 Today’s Paradigm Shift.....1

Action Plan.....1

Table 6.1 – General Action Items 3

Table 6.2 – Short Term (2011 to 2016) Roadway Action Plan.....4

Table 6.3 – Mid Term (2017 to 2026) Roadway Action Plan..... 5

Table 6.4 – Long Term (2027 and beyond) Roadway Action Plan.....6

Table 6.5 – Transit Action Plan.....9

Transportation Funding Sources.....10

 NC Capital Area MPO Funding.....10

 TIP Funding.....11

 Powell Bill Funding.....12

 Transit Funding12

 Bicycle and Pedestrian Funding12

Funding Opportunities13

 Impact Fees13

 Transportation Bonds13

 Toll on Roads.....14

 Higher Gas Tax.....14

 Alternative Funding Options14

Conclusion.....15
